

TOWNSHIP AND RANGE WORKSHEET

Townships usually consist of thirty-six sections numbered in the order shown below, each section containing 640 acres. After locating the deed records, plot the land description on a grid. The property may overflow from one section to another and into the next township or county.

Township _____ Range _____ Principal Meridian _____

6	5	4	3	2	1
7	8	9	10	11	12
18	17	16	15	14	13
19	20	21	22	23	24
30	29	28	27	26	25
31	32	33	34	35	36

LAND DESCRIPTIONS

Deed 1 _____
